Dear Adrian,

Today's unprecedented demand for Steel products continues to put pressure on both Manufacturers and End Users alike, reflecting the quarter on quarter price increases that confound our ability to accurately plan our businesses.

Year to date prices have risen in most instances by some 75% and quarter four will see yet another upward adjustment of perhaps 5%. Please be assured that we at ArcelorMittal SSC UK will make every endeavour to ensure that our major client base is fully catered for during these difficult times and thank you for your continued understanding of the situation.

Yours Sincerely

John L E Harcourt  
Strategic Account Manager
